Second Floor.

## BLUES COMPANY ELECTS OFFICERS

McGraw Made Captain, and Sergeant Gates Wins First Lieutenantcy.

First Lieutenant James McGraw, Jr., was elected captain, and Sergeant Emmett W. Gates was made first lieutenant of Company C, Richmond Light Infantry, at the election held last night at the armory.

The election of Lieutenant McGraw was by unanimous vote, and had been universally expected ever since the resignation of Captain Percy Montague, Jr. He has a record as a soldier in Company A of the Blues he served during the Spanish-American War. He left the service at the expiration of his term, to return when Company C was organized. He worked his way up from the ranks, and has been first lieutenant since April 5, 1910. All the members of the company are well satisfied with his promotion.

For the office of first lieutenant, to succeed Captain McGraw, there were three nominations—Second Lieutenant Marion S. Hewitt, First Sergeant Emmett W. Gates and former Lieutenant C. C. Bonoke. Sergeant Gates was elected by the first ballot, receiving a majority of all votes cast. He has been in the Blues for ten years. He served four and one-half years in Company B and then went to Company C. He has been first lieutenant since April 5, 1910, and won his way from private to first lieutenant.

Y. M. C. A. AFTER MEMBERS

Launch Summer Campaign With a Dinner at Building To-Night.

The Young Men's Christian Association will launch a big summer membership campaign to-night with a dinner at the central building, which will be attended by all the members of the teams that have been selected to round up the new material. There are 125 workers, and they have selected themselves to add 500 new names to the rolls of the association before the first of May. They expect to hedge 100 new members the first day.

The membership of the association in Richmond is 1,500, and the special attractions which the tennis courts, swimming pool and other equipment offer for summer amusement are expected to swell the roll to considerably over 2,000. Summer membership is offered at a very reasonable rate.

## PRESIDENT REA COMING

Head of Pennsylvania System, With Other Railroad Officers, Due To-Day.

President Samuel Rea, of the Pennsylvania Railroad, and other prominent railroad men will arrive in Richmond this morning from New York aboard the Richmond, Fredericksburg and Potomac here to-day. Several of these officials are directors and the others have been invited socially. Mr. Rea will entertain his guests at luncheon today at the Commonwealth Club.

## ELECT DELEGATES TO THE ASSEMBLY

Presbytery of East Hanover Adjourns After Receiving All Church Reports.

The commissioners who will represent it in the General Assembly, which meets next month in Atlanta, Ga., were elected by the Presbytery of East Hanover at the closing session of the spring meeting yesterday morning. As commissioners were elected Rev. T. H. Rice, D. D., Rev. J. W. Adams, of Fredericksburg, and J. W. Friend, Jr., of Petersburg; as alternates, Rev. J. H. English, D. D., Rev. E. W. Phillips, Jr., of Henric, and this city, and Willis B. Smith, of Petersburg.

The remainder of the session was occupied with receiving reports on various phases of the church work. The report on church societies showed that there are sixty-seven women's societies in the Presbytery, with a membership of 2,374, contributing to all causes \$13,807.

After three full days of business the presbytery adjourned to meet in the Presbyterian Publishing House of this city at 10 A. M. on Monday, May 5. At this time several young men who are now students at the theological seminary will be examined for license to preach the gospel.

## PLANNING FOR TWO CONVENTIONS

City to Aid in Entertainment of Hardware and Tobacco Men.

At a meeting of the Council Committee on Advertising and Enterprises last night the plan for the entertainment of the Hardware and Tobacco Association, which meets here in June, was discussed. The committee agreed to aid in the entertainment of the association to the sum of \$1,000.

An additional issue of Richmond lookouts was ordered, the copy to be revised and brought down to date by officials of the Chamber of Commerce, the issue of 2,000 to cost \$250. A conference for Education of the South was approved. Chairman Peters stated that the convention had exceeded expectations, more than 2,400 delegates having been registered. During the week-end session no hotel in Richmond had a spare room.

## MALTING COMPANY WINS

Gets Verdict for \$27,564.44 Against Mayo Milling Company.

The jury in the United States District Court yesterday returned a verdict of \$27,564.44 in favor of the Malting Company, of New York, which has been suing the Mayo Milling Company of this city, for \$500 for alleged breach of contract. The trial of the case consumed more than two days.

The Mayo Milling Company sued for damages for grain lost because of the failure of the Malting Company to receive and pay for certain shipments of Chicago grain made for which it was claimed it had entered a contract. The defense set up the plea that the contract was voided by the action of the plaintiff in violating an agreement giving the Mayo Milling Company exclusive control of the malt for this city.

## MERCHANTS PLAN BIG PEACE JUBILEE

Giant Celebration of Semi-Centennial of End of War May Be Held in Richmond.

## COMMITTEE IS APPOINTED

Union and Confederate Veterans May Meet for Last Time in 1915.

A movement for a great peace jubilee, to be held in Richmond in 1915 to commemorate the fiftieth anniversary of the end of the War Between the States, was inaugurated last night by the Retail Merchants' Association.

It was not all talk for the merchants did something tangible in connection with the project. The association in a committee, whose duty it will be to consult with committees to be named by other commercial, industrial, financial, social and patriotic organizations and with officials of the city and the State in regard to the proposition. All such associations will be invited to come in and take part in the movement.

## Have Great Celebration.

Samuel Cohen presented the idea, which he had evidently worked out to some extent. It was suggested that the climax of the many semi-centennial celebrations beginning early in 1911 and now going on will naturally come just fifty years after the cessation of hostilities. And, developing the conception, it was decided that a peace jubilee to signalize a half-century since the war drum ceased to throb and the battlefields were furled should be held in Richmond, the scene of the last days of the Confederacy and the capital of that ill-fated government.

To such a celebration would come the Sons of Confederate Veterans and the Confederate Veterans. This part of the program has been suggested before. At one time Lee Camp thought of inviting the reunion of 1911 to Richmond, but it was decided it would be better to wait a year. Again, the Confederate Memorial Institute, it is hoped, will be completed by 1915, after years of waiting, and could be dedicated during the peace jubilee. This part of the affair could be made a central point in the program.

The Daughters of the Confederacy, the Sons of Confederate Veterans and many such other organizations would be asked to hold their annual meetings of 1915 in Richmond at the same time, thus bringing together all elements connected with the memory of the Confederate States. It is believed to be certain that all would come.

As the plans for such a celebration are being worked out, many new ideas will occur to those in charge and will be considered. The President of the United States would, of course, be expected to be here, together with dignitaries from all over the country.

## Have Union Veterans

Lastly, but by no means the least important, it might well be that the Grand Army of the Republic could come to Richmond, and in the last great reunion which the veterans of either the North or the South will have, could meet together on the spot where the final scene of four years of drama was enacted.

The Retail Merchants' Association heartily approved the proposition advanced by Mr. Cohen, and, becoming incorporated formally into the plan, the appointment of a committee will be made at an early date.

The association elected delegates to the State convention of the organization, to be held in Lynchburg May 14 and 15. Mr. Cohen is president of the State body.

There was some discussion of the inauguration of a campaign to demonstrate the fallacy of truck-taking arguments being made in many quarters, designed to induce the people to believe that the retail merchant is getting a profit in the sale of goods, and thus adds to the cost of living. The retailers feel that they are grossly misrepresented in this respect.

## NOTE IS VALID

Judge Crump Overruled Demurrer in Suit of Kate Essig.

In the case of Kate Essig against Lena Seiler and Charles A. Brinkman, lawyers of Charles Seiler, pending in the Lane and Equity Court, judgment was entered yesterday in favor of the plaintiff. The case was tried last week, the jury rendering its verdict subject to the order of the court. The demurrer, and yesterday Judge Crump decided that the note was valid in law and overruled the demurrer, allowing time for an appeal.

Kate Essig was employed as housekeeper in the home of Charles Seiler for six years prior to his death, according to the declaration filed in the case. Judge Brinkman, attorney for the plaintiff, in 1909 Mr. Seiler gave Mrs. Essig a note for \$1,000 payable on demand. Later he said he had paid the note for services rendered. After his death she brought suit against his executors for the amount of the note. The court held that the estate set up the claim that the note was given without value received, and was therefore void. The jury decided that the note was valid and in overruling the demurrer Judge Crump sustains that contention.

## No Criminal Case.

Christo Petropoulos was arraigned before Judge Crutchfield yesterday on a charge of grand larceny. He was alleged to have stolen \$100 from George John. The action, it was shown, was the result of a sale of a bookbind stand and John and Petropoulos had a case for civil action and dismissed it.

## We Get Letters

very often that make us glad that the business of our institution is that of serving the public. One of our customers, who has recently moved from our vicinity, wrote the other day as follows:

"I appreciate the courteous treatment that your bank has extended to me ever since I became a depositor. I have no intention of drawing out my deposit; instead, I hope to add to it gradually. With my best wishes for the AMERICAN NATIONAL BANK, I am,

"Very truly yours,  
(Signed)

These same facilities which he appreciates we offer to YOU every day. Whether you live in Richmond or on a farm, some other city, or are traveling through the country, we can give you

SECURITY AND SERVICE.

## GOVERNOR SPEEDS RESTLESS NIGHT

Physicians, However, Contradict Report That His Condition Is Not So Favorable.

## PULSE STILL ABOUT NORMAL

Patient Uncomfortable at Times, but Hopeful Bulletins Are Issued From Hospital.

Slightly disquieting symptoms in Governor Mann's condition were apparent yesterday and caused the patient some discomfort. There were reports last night to the effect that the physicians were rather alarmed by the change, but these were contradicted by Dr. Herbert Mann, the Governor's nephew.

"The wound has naturally made the Governor uncomfortable at times," said Dr. Mann, "but there is nothing seriously disturbing in his present condition. Such an operation on a man of his age is always a serious matter, but we do not anticipate any real setback, thanks to the Governor's fine physical condition."

The bulletin from the Memorial Hospital last night reported continued progress toward health. The patient's pulse was about normal, his respiration clear and untroubled, and his temperature only a fraction above normal. The healing of the wound and the natural inflammation in the abdomen caused the Governor to spend a restless night and day.

## Expect No Real Trouble.

Quite naturally, the attending physicians, Drs. Charles R. Robins and Herbert Mann, have given out only that which is cheering in the Governor's situation, and they are sincere in the declaration that they expect no real trouble. Unofficially, however, it is learned that unfavorable symptoms manifested themselves Wednesday afternoon which were alarming to the physicians, but the Governor rallied from these during the night. Yesterday afternoon, it is said, these painful conditions reappeared, materially interfering with his rest during the night.

Contrary to the general understanding, Dr. J. A. C. Chandler, Superintendent of Public Schools of Richmond, is expected to see the Governor yesterday. Because of the official business awaiting the Governor's personal attention, the physicians will admit Mr. Chandler to the Governor's room before any other person outside members of the family. Dr. Mann said last night that he would shield the Governor from all social and friendly visitors as long as he was in the hospital, and to mean that no one will see the patient for several days.

In spite of his excellent physical condition and unusual strength, it has been learned by physicians that the Governor is going to take longer to recover than was expected. He was expected to regain his feet on account of his age and the hardness of his tissues. His wound cannot be expected to heal as quickly as a boy's.

## HUSBAND ARRESTED

Negro Alleged to Have Procured Witnesses to Swear Falsely.

William Eddleton, colored, was arrested yesterday by Detective James Krug on a warrant charging him with procuring John Stuart and Robert Taylor to testify in the testimony of the two men alleged to have sworn falsely in that of Eddleton against his wife, Florence Eddleton, from whom he seeks a divorce. The defense is said to have been material. Eddleton was bailed by Judge D. C. Richardson and is expected to appear in Police Justice Crutchfield.

## FEARS NEW RATES

Inland Trade Committee to Discuss Possible Changes in Freight Tariff.

The inland trade committee of the Chamber of Commerce will meet at 12 o'clock today to consider the question of taking action to protect Richmond shippers against discrimination by one or more railroads which it is stated, propose to put into effect the rate of the Chesapeake and Ohio Railroad in the Virginia cities as compared with those in North Carolina.

The Southern Railway is conducting negotiations with a legislative committee from North Carolina with the view of according more favorable rates to North Carolina points. The Richmond Chamber of Commerce favors a square deal for the North State cities, but will examine carefully any changes that will disturb present conditions. The idea of protecting Richmond against possible unfavorable discrimination. The matter will be fully discussed at today's meeting.

## FINE IS DOUBLED

County Officer Tiller Loses on Appeal from Police Court.

County Police Officer E. R. Tiller was fined \$5 and costs in the Hustings Court yesterday on the charge of assault and battery. Tiller was fined \$5 and costs on a charge on a street car while the Henric was conducting a prisoner to the Henric Jail. In the Police Court he was fined \$5 from which he appealed. When the jury more than doubled the fine and added the costs of the trial he left the court a sadder and a wiser man.

## Favor Broad Annexation.

At the weekly luncheon of the Advertisers' Club of Richmond, held yesterday at Ruess's, resolutions were unanimously adopted petitioning the City Council to extend the corporate limits of the city along broad lines to meet the needs and for the best interests of the city. The membership seemed enthusiastic in favor of annexation at the earliest possible date.
